RELY ON RUUD.™

# ENDEAVOR<sup>®</sup>

## Innovation You Can Count On

Patented industry-first features and 360+1 design make the Rud Endeavor WP15AZ a smart choice.

### Peace-Of-Mind Performance

Relax, you're covered by a reliable warranty<sup>1</sup>—5 Year Parts and 10 Year Conditional Compressor.

### Reduced Emissions

Households generate 72%<sup>2</sup> of greenhouse gas emissions, so switching to a heat pump can make a big difference for the environment—today.

### Reduced Environmental Impact

The 7mm condenser coil<sup>3</sup> provides a decrease in refrigerant requirements up to 15%, lowering the amount of greenhouse gases emitted while contributing to Ruud's sustainability goal of a 50% reduction in our greenhouse gas footprint by 2025. A win for all of us.

### Rugged Curb Appeal

Louvered side panels provide excellent protection to internal components, while modern cabinet aesthetics, including the powder coat paint system and one-piece drawn and painted base pan, prevent corrosion—allowing your unit to put its best face forward for years to come.

### Quiet Operation

Efficient home comfort shouldn't be noisy. That's why our heat pumps are engineered with acoustics in mind. Sound-dampening features such as refrigerant tubing design, fan blade approach, composite base pan and innovative compressor and drive technologies ensure that as efficiency increases, sound levels remain low.

#### SOUND RATING<sup>4</sup>

### Among Heat Pumps, This One's A Star<sup>5</sup>

Earning ENERGY STAR<sup>®</sup> recognition means products meet strict energy efficiency guidelines set by the U.S. Environmental Protection Agency. ENERGY STAR certified heating and cooling equipment can enhance the comfort of your home while saving energy—which saves money on utility bills and protects our climate by reducing harmful carbon pollution and other greenhouse gases.

## FEATURES AT A GLANCE

### Cooling & Heating Efficiencies Up To:

16 SEER2 / 11.7 EER2 / 8.1 HSPF2

### Nominal Sizes:

1.5 to 5 Tons

### Cooling & Heating Capacities:

13.36 to 45.6 kBTU

### EcoNet<sup>®</sup> Enabled: No

### Sound Rating<sup>4</sup>: As low as 72 dB

### Compressor Type: Two-Stage

### Condenser Coil Type: 7mm<sup>3</sup>

### PlusOnes:

**PlusOne<sup>®</sup> Expanded Valve Space –**  
Provides a minimum working area of 27-square in.

**PlusOne Easy Service Access –**  
15 in. wide industry leading corner service access, two-faster removable corner and easily removable individual louver panels

### Limited Warranty<sup>1</sup>:

Parts – 5 Years

Conditional Compressor – 10 Years  
(registration required)

## TESTED. TRUSTED. TOUGH.

From the smallest part to complete comfort systems, we build quality into everything we make so we can be sure it's tough enough to deliver the ultimate performance you can count on day after day, year after year. That reliability is what makes Ruud different—and better.
