

# RELIABLE COMFORT

FOR EVERY SEASON

Air | Heat Pump  
WP15AY

## ENDEAVOR®

### Ruud® Endeavor® Line Choice™ Series

The ENERGY STAR® certified Ruud Endeavor Line Choice Series WP15AY Heat Pump provides a more versatile heating and cooling solution for consistent comfort all year long.

# ENDEAVOR<sup>®</sup>

## Innovation You Can Count On

Patented industry-first features and advanced design make the Rud Endeavor WP15AY a smart choice.

### Peace-Of-Mind Performance

Relax, you're covered by one of the best warranties in the industry<sup>1</sup>—10 Year Conditional Parts.

### Less Environmental Impact

The 7mm condenser coil provides a decrease in refrigerant requirements up to 15%, lowering the amount of greenhouse gases emitted while contributing to our sustainability goal of a 50% reduction in our greenhouse gas footprint. A win for all of us.

### Reduced Emissions

Households generate 72%<sup>2</sup> of greenhouse gas emissions, so switching to a heat pump can make a big difference for the environment—today.

### Rugged Curb Appeal

Louvered panels and rugged corner posts provide excellent protection to internal components, while modern cabinet aesthetics, including the powder coat paint system and one-piece drawn and painted base pan, prevent corrosion—allowing your unit to put its best face forward for years to come.

### Quiet Operation

Efficient home comfort shouldn't be noisy. That's why our heat pumps are designed with acoustics in mind. Sound-dampening features such as refrigerant tubing design, fan blade approach, one-piece drawn and painted base pan and innovative compressor and drive technologies ensure that as efficiency increases, sound levels remain low.

#### SOUND RATING<sup>3</sup>

### Among Air Conditioners, This One's a Star<sup>4</sup>

Earning ENERGY STAR<sup>®</sup> recognition means products meet strict energy efficiency guidelines set by the U.S. Environmental Protection Agency. ENERGY STAR certified heating and cooling equipment can enhance the comfort of your home while saving energy—which saves money on utility bills and protects our climate by reducing harmful carbon pollution and other greenhouse gases.

### Designing for Sustainability with Low GWP

For 2025, the Environmental Protection Agency (EPA) has set a global warming potential (GWP) limit of 700 for refrigerant used in heating and cooling systems. This new requirement will result in a 78%<sup>5</sup> lower GWP than previous-generation refrigerants—with only minimal changes to system installation. For us, this is another step toward our continued sustainability goal of reducing greenhouse gas emissions, while still delivering an exceptional level of energy efficient, dependable comfort.

## FEATURES AT A GLANCE

**Cooling & Heating Efficiencies Up To:**  
15.2 SEER2 / 11.7 EER2 / 7.8 HSPF2

**Refrigerant Type:** R-454B

**Nominal Sizes:** 1.5 to 5 Tons

**Cooling & Heating Capacities:**  
17.1 to 57 kBTU

**EcoNet<sup>®</sup> Enabled:** No

**Sound Rating<sup>3</sup>:** As low as 73 dB

**Compressor Type:** Two-Stage

**Condenser Coil Type:** 7mm

### Feature Highlights:

**Expanded Valve Space –**  
Provides a minimum working area of 27-square in.

**Easy Service Access –**  
15 in. wide industry leading corner service access, two-fastener removable corner and easily removable individual louver panels

**Refrigerant Detection System<sup>TM6</sup> –**  
Integrated, patented design providing system protection and homeowner peace-of-mind with low GWP refrigerant monitoring

### Limited Warranty<sup>1</sup>:

Conditional Parts – 10 Years  
(registration required)

TESTED.  
TRUSTED.  
TOUGH.

From the smallest part to complete comfort systems, we engineer quality into every piece of equipment to be sure it's tough enough to deliver the maximum performance you count on day after day, year after year. That reliability is what makes Rud different—and better.

## Nearly 100 Years of Innovation

Rud.com

As the only brand bringing innovative air and water solutions to homes and businesses around the world, Rud continues to deliver advanced comfort, savings and experiences to our customers—just as we've done for nearly 100 years.
