WATER HEATER INFORMATION

1. What is your water heater application?	
--	--

2. Preferred Water Heater Type

Tank	<input type="checkbox"/>	Tankless	<input type="checkbox"/>	Both Tank & Tankless	<input type="checkbox"/>
------	--------------------------	----------	--------------------------	----------------------	--------------------------

3. Please describe reasons for choosing the preferred water heater type.
(List any project specifications or requirements related to water heater type)

4. Indoor or Outdoor Units?

Indoor		Outdoor		Both Indoor & Outdoor	
--------	--	---------	--	-----------------------	--

5. If new Indoor units are needed, please describe the location where the water heater will be installed.

6. Please describe any concerns related to water heater installation location

1. Fuel Source Type				
Electric		Natural Gas		Propane Gas

2. If Electric:	
2A. What are the onsite voltages requirements? <i>*(Required)</i>	
2B. What phase of voltage is available? <i>*(Required)</i>	
2C. Are there any amperage restrictions?	
2D. If yes, Please describe.	

1. If Natural Gas or Propane:	
1A. Are there any possible issues or concerns related to using flues or combustion air?	
1B. If yes, Please describe.	

2. New Installation or Replacement?		
New Installation		Replacement

3. If New:	
Recirculation Loop Required?	

4. If Replacement:	
Current Number of Water Heaters?	

5. What is the reason for replacing the existing water heater?

6. Please describe any problems experienced with the existing water heater?

7. Do you currently have storage tanks?				
Yes		No		Not sure

7A. If Yes, how many? List current storage tank model(s).

8. Recirculation Loop Required?	
--	--

APPLICATION DETAILS

1. Installation Location <i>*(Required)</i>	
2. Zip Code	
4. State	
5. City <i>*(Required)</i>	

6. Coldest Incoming Water Temperature

4. Required Temperature Set Point of Water Heater **(Required)*

8. ASME Grade?

9. Select the **Fixture Type and then provide all information and quantities needed for Hot Water fixtures. Click the **Add Fixture** button to add additional fixtures and equipment information.**
